# SPECIAL APPLICATIONS

## GEL STAIN

Thicker consistency prevents drips & runs. Ideal for vertical surfaces.

Can be used on non-wood surfaces such as fiberglass & steel doors to create the natural look of wood.

## ONE STEP STAIN & POLYURETHANE

Stain & Polyurethane combined into an easy, one step application to save time.

Semi-gloss polyurethane adds smooth, protective finish. Does not leave brush marks.

## WATER BASED, ONE STEP STAIN & POLYURETHANE

The ultimate in convenience, this revolutionary new Water Based product

combines Stain & Polyurethane into one step to save time.

Low odor and soap & water clean-up.

# CARE & REPAIR

## FILL STICKS

Quick and simple way to fill nail holes, repair scratches, and hide minor imperfections in wood.

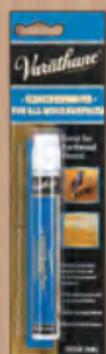

## TOUCH-UP MARKERS

One-step method to touch-up stained wood and hide minor scratches & nicks.

## SCRATCH REPAIR PEN

Repairs minor wood defects, scratches & nail holes with a clear polyurethane finish.

## WOOD FILLER

Repairs defects in wood including cracks, scratches, gouges, and nail holes.

## WOOD PUTTY

Ideal for filling nail holes and small defects after staining & finishing.

# SOFT WOOD CONDITIONING

For Even Stain Penetration

Use Varathane® Premium Wood Conditioner to prevent streaking or blotching and ensure even stain penetration on soft, new wood such as pine, fir, maple, and poplar.

# INTERIOR PROTECTION

Maximum Scratch & Stain Resistance

## OIL-BASED

Self leveling for even finish that adds a rich warm glow.

## WATER-BASED

Fast drying ultra clear finish that cleans up with soap and water.
