SPECIAL APPLICATION

GEL STAIN

IDEAL FOR VERTICAL SURFACES

Thicker consistency prevents drips and runs, especially on vertical surfaces. Can also be used on non-wood surfaces such as fiberglass and steel doors to create the natural look of wood.

WATER-BASED

ONE STEP STAIN & POLYURETHANE

Water-based stain and polyurethane combined into an easy, one step application to save time. Low odor and cleans up with soap and water. Can be used over polyurethane finishes, so you can change the color of your finished wood without removing the existing finish.

OIL-BASED

ONE STEP STAIN & POLYURETHANE

Oil-based stain and polyurethane combined into an easy, one step application to save time. Can be used over polyurethane finishes, so you can change the color of your finished wood without removing the existing finish.

CARE & REPAIR

FILL STICKS

Quick and simple way to fill nail holes, repair scratches and hide minor imperfections in wood.

TOUCH-UP MARKERS

One-step method to touch-up stained wood and hide minor scratches & nicks.

SCRATCH REPAIR PEN

Repairs minor wood defects, scratches & nail holes with a clear polyurethane finish.

WOOD FILLER

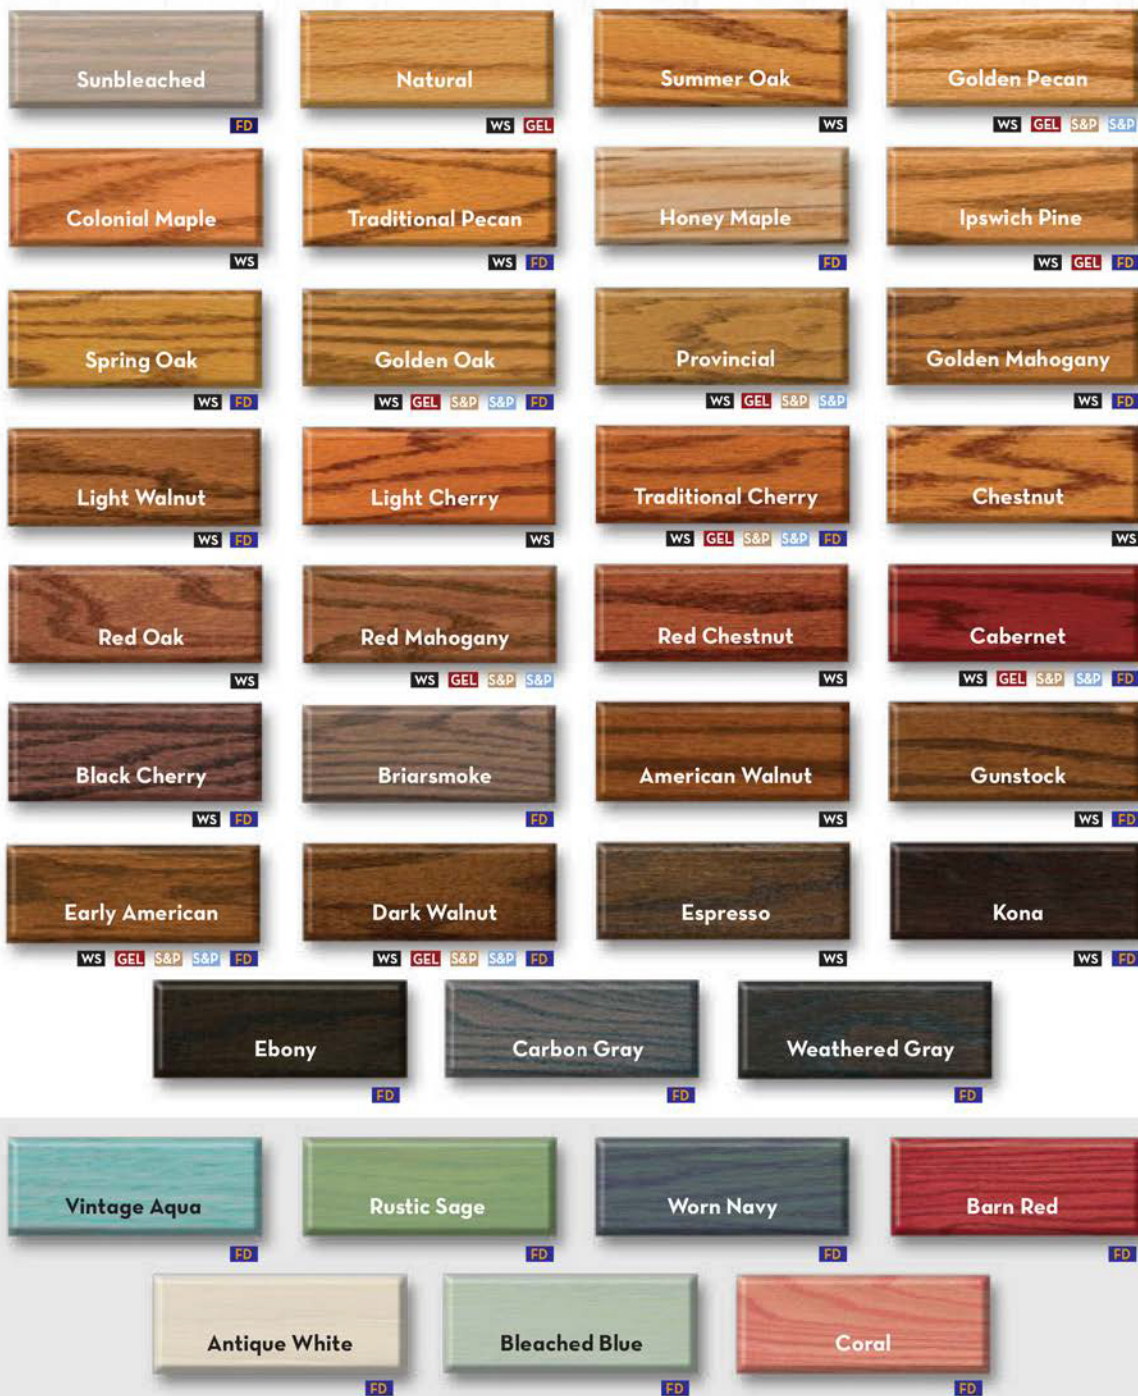

Repairs defects in wood including cracks, scratches, gouges and nail holes.

PROTECT YOUR PROJECT

INTERIOR TRIPLE THICK POLYURETHANE

3X THICKER than traditional polyurethanes, this advanced self-leveling formula allows interior projects to be completed

in one coat (vs 3 coats of traditional polyurethane).

The unique formula provides exceptional stain & scratch resistance, low odor and cleans up with soap and water.

INTERIOR POLYURETHANES

WATER-BASED

With superior scratch and stain resistance, this water-based formula provides a crystal clear finish with low odor and cleans up with soap and water.

OIL-BASED

Specially formulated for superior scratch and stain resistance, this oil-based formula adds a warm, golden glow to highlight the wood grain with mineral spirits clean up.

EXTERIOR SPAR URETHANES

WATER-BASED

Providing superior UV protection, this water-based formula provides a self-leveling crystal clear finish that resists mold and mildew and cleans up with just water.

OIL-BASED

Formulated to provide superior UV protection, this oil-based formula provides a self-leveling, warm golden tone to highlight the wood grain with mineral spirits clean up.
